

# DROP

## Professional Series

### Whole House Backwashing Filter

#### Professional Series Technology includes:

- PRO Valve with Screw Drive for Piston Accuracy
- Ensures increased efficiency, saving water

#### Features

- Removes organic solids, chloramines, chlorine, THM, pesticides and other chemicals commonly found in domestic water
- Adjustable Cycle Times
- 9V Battery Backup for Power Loss
- DROP App to Control System from Anywhere
- Water Usage Data and History
- Provides text messages, emails and/or push notifications for excessive water usage, leaks and other system information.
- Proprietary two valve motorized bypass with 1" MNPT Connections.
- 5 Year Warranty

#### Benefits

DROP offers the only water filters in the world that protect your home from water leaks in addition to providing treated water. When paired with DROP Leak Detectors through the DROP Hub, this system provides all the benefits of a top of the line water filter, home leak protection, and a water conservation system in one.

#### Removes Contamination and Sediment

The DROP Whole House Backwashing Filter enables efficient filtration and minimal downtime as they have two filter housings that can be used alternately. This design ensures continuous operation of the system even during maintenance or replacement of filter elements.

Models	DF-15	DF-25
<b>Filter Media Capacity Per Tank</b>	1.5 ft <sup>3</sup>	2.5 ft <sup>3</sup>
<b>Mineral Tank (Vortech™) X2</b>	10 X 54 Polyglass	13 X 54 Polyglass
<b>Service Flow Rate - Continuous*</b>	10.0 gpm	16.0 gpm
<b>Service Flow Rate - Intermittent*</b>	14.0 gpm	20.0 gpm
<b>Backwash Flow Rate**</b>	5.0 gpm	7.0 gpm
<b>Gallons Used / Backwash (per tank)</b>	100	140
<b>Battery Backup</b>	9V Battery Backup for power loss	9V Battery Backup for power loss
<b>Product Dimensions and Size</b>	10" X 10" X 62"	13" X 13 X 62"
<b>Approximate Shipping Weight</b>	64 lbs	80 lbs

\* Use of a Flow Control in the service line is highly recommended.

\*\* Caution should always be used in sizing filters. Always choose a unit by first satisfying the backwash flow requirement. Consult the factory or your field sales person with questions.

### The DROP Hub

The DROP Duplex Softener requires the function of the DROP Hub. The hub is the connection to everything on the DROP Smart Water Management system. It integrates all of your residential water devices together.

### The DROP Remote

This unique device is an excellent accessory with any other DROP product. This smart remote lets you turn on/ off your water with a convenient button, notifies you of new system status events, and extends your wireless DROP Link network.

### The DROP Leak Detector

Never worry about coming home to frozen pipes, absurdly high water bills or a soaked kitchen. These inconspicuous water-saving devices integrate with our smart water monitoring system to safeguard your home.
