

Commercial Protection Valve

Protect from Leaks and Conserve Water

Monitoring pressure, flow, and temperature while also pairing with wireless leak detectors, the Commercial Protection Valve from DROP offers the most all-inclusive leak protection system available.

Features

- DROP App to Control Systems from anywhere
- Available in 1.5", 2", and 3"
- Service Flow Rates up to 310 GPM
- Maximum Operating Pressure-125 psi /110°F
- Local Leak Detection
- 9 VDC Battery Backup for Power Outage
- Provides text messages, emails, and/or push notifications of vital system information
- Includes Hub, Control Box, Shutoff Valve, Flow Meter and Pressure Transducer

Benefits

Like all DROP systems, the Commercial Protection Valve provides the ability to shut off water automatically when a problem is detected or manually through the app. Its built-in flow meter and pressure sensor can identify a broad range of problems such as continuous flow, leaky toilets, or even very small leaks from a faucet. When paired with DROP Leak Detectors through the DROP Hub, this system provides for every method of leak detection available. In addition to all the benefits associated with preventing costly water damage, the system provides a lot of useful data to aid in water conservation.

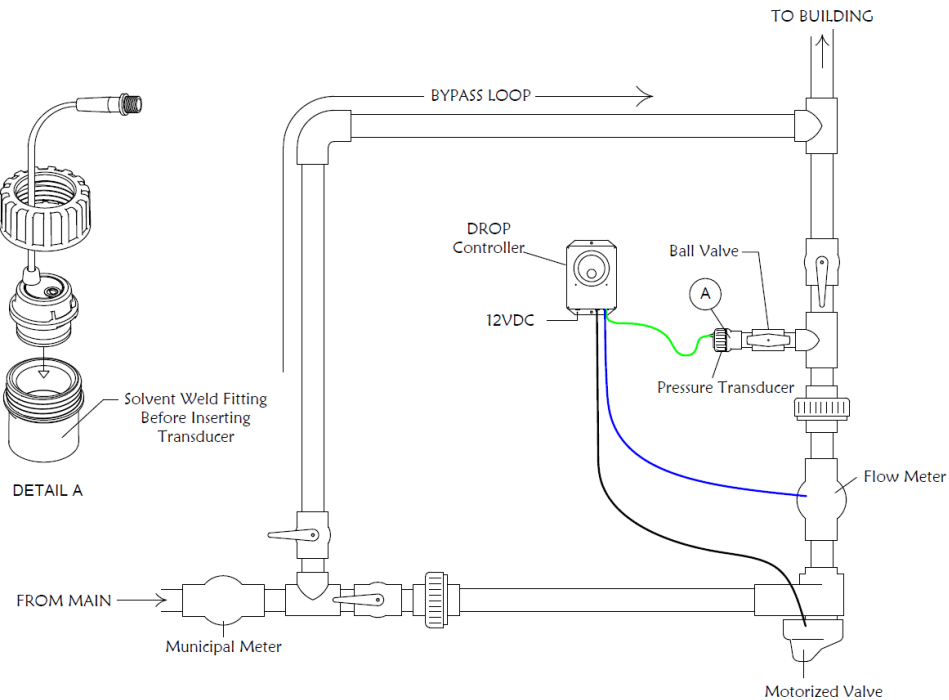

The DROP Hub

All DROP products require the function of the DROP Hub. The Hub is the connection to everything on the DROP Smart Water Management System. It integrates all of the DROP water devices together.

Models	D-CPS-15-K1	D-CPS-20-K1	D-CPS-30-K1
Service Flow Rate	0.5 to 65 gpm	1.5 to 130 gpm	3.5 to 310 gpm
Pipe Size	1.5"	2"	3"
Motorized Valve	Stainless Steel	Stainless Steel	Stainless Steel
Flow Meter	Plastic	Stainless Steel	Stainless Steel

The DROP Hub

The DROP Whole House Cartridge Filter requires the function of the DROP Hub. The hub is the connection to everything on the DROP Smart Water Management system. It integrates all of your residential water devices together.

The DROP Remote

This unique device is an excellent accessory with any other DROP product. This smart remote lets you turn on/ off your water with a convenient button, notifies you of new system status events, and extends your wireless DROP Link network.

The DROP Leak Detector

Never worry about coming home to frozen pipes, absurdly high water bills or a soaked kitchen. These inconspicuous water-saving devices integrate with our smart water monitoring system to safeguard your home.
